

Unit 27 — English for Nascar

Car

2026 English for Sport!. All rights reserved.

The vehicle in the race.

"The driver climbed into the car, ready to compete in the challenging NASCAR race where precision and speed are crucial."

Caution

A warning due to an accident.

"The caution flag was waved due to an accident on the track, prompting all cars to slow down and line up behind the pace car for a restart, ensuring safety."

Checkered Flag

The end of the race.

"The driver crossed the finish line as the checkered flag waved, signaling the end of the race and securing a well-deserved victory in the thrilling NASCAR event."

Crew

The pit stop team.

"The efficient pit crew worked together seamlessly, changing tires, refueling the car, and making adjustments quickly to minimize time lost during the critical stop."

Drafting

Following closely behind another car.

"The driver used drafting to conserve fuel and increase speed, positioning the car closely behind another to reduce wind resistance and gain a strategic advantage."

Driver

The person who drives.

"The skilled driver expertly maneuvered the car around the track, navigating through a crowded field of competitors in the high-stakes NASCAR event."

Engine

The motor of the car.

"The mechanic checked the engine to make sure it was running smoothly before the race, crucial for performance and reliability in the demanding competition."

Fire Suit

Protective clothing.

"The driver put on the fire suit to protect themselves from heat and flames in case of a crash, providing a crucial layer of safety in the high-risk racing environment."

Fuel

Gas for the car.

"The crew refueled the car quickly during the pit stop, ensuring the driver had enough fuel to complete the remaining laps of the high-speed NASCAR race."

Helmet

Protective headwear.

"The driver wore a helmet to protect their head in case of an accident, essential for safety in the high-speed and potentially dangerous NASCAR race."

Lap

One circuit of the track.

"The driver completed another lap, maintaining a consistent pace and focusing on conserving fuel for the final stretch of the race, which was the most critical."

Lap Time

Time to complete a lap.

"The driver focused on improving their lap time, striving to shave off fractions of a second to gain an edge over competitors in the high-stakes NASCAR race."

Lead

Being in first place.

"The driver took the lead in the final laps, skillfully fending off challenges from competitors to secure a thrilling victory in the highly anticipated NASCAR race."

Pit Stop

Stopping for fuel or tires.

"The pit stop was executed flawlessly, with the crew changing tires and refueling the car in record time, allowing the driver to quickly rejoin the race."

Pole Position

Starting in first place.

"The driver won the pole position in qualifying, earning the right to start the race in first place and setting the stage for a potentially dominant performance."

Restart

Starting the race again.

"The restart was chaotic as cars accelerated and jostled for position, with drivers making daring moves to gain ground and improve their chances of winning."

Spoiler

Wing on the back of the car.

"The spoiler was adjusted to improve the car's aerodynamics, helping it maintain stability and speed on the high-speed straights of the NASCAR track."

Tires

Rubber wheels.

"The team changed the tires during the pit stop to improve the car's grip and handling, essential for maintaining speed and control on the demanding track."

Track

The racing circuit.

"The NASCAR track was oval-shaped, designed to allow cars to race at high speeds with minimal sharp turns, emphasizing speed and endurance."

Winner

The person who wins.

"The winner celebrated with their team, spraying champagne and hoisting the trophy after a hard-fought victory in the exhilarating NASCAR race."
